## THE INFORMATION BELOW IS EXCLUSIVELY FOR THE USE OF PLBC MEMBERS

**PRESIDENT'S CORNER:** My predecessor, Ron Davis, kept members informed of Club developments by means of his 'President's Corner'. This struck me as being an excellent idea and I will continue the tradition.

I want to begin by acknowledging and thanking Sandra Taylor for the fine work she did in her Outreach role. It is an important function within our Club and she deserves a lot of credit for her years of service in this capacity. I also want to thank Hilary Lansdowne for agreeing to take over from where Sandy left off.

Have you ever wondered about the feasibility of a second green? Many of us have either thought about it or heard others raise the question. In fact, a number of years ago some of our members looked into the possibility and concluded, at that time, it wasn't warranted. Well, the question has once again come to the fore and Martin Fereday has volunteered to lead an investigation, with the involvement of other volunteers, to determine the advantages and disadvantages of a second green. It needs to be understood that we are not proceeding on the premise that we need one but rather on the basis that an objective analysis of its advantages, disadvantages, cost, maintenance requirements, etc., etc., would be of interest to many. The results of the investigation will be shared with you later this year.
