

## THE INFORMATION BELOW IS EXCLUSIVELY FOR THE USE OF PLBC MEMBERS

**Parking:** It may be a little more difficult than usual to find a parking spot next week.

Some parking spaces will be set aside for the players' and Chief Umpire's vehicles in the back (west) parking area) from Monday to Saturday.

Additional spaces will also be reserved for dignitaries attending the Opening Ceremonies on Sunday evening. Please respect the directions given by the volunteer marshal. There will still be some spaces open to volunteers

and spectators in the back area and all of the front (east) parking area will be available. If there is no room for you to park on-site you will have to look elsewhere. On Sunday and Saturday the School Board has given us permission to use the school parking lot on the south side of Stanford Avenue, but it is not available Monday to Friday. If you park on a street make sure you park legally; for instance there is no parking on either side of Stanford Avenue between Craig and McCarter. **Martin Fereday, Parking**

**Spectators for the Nationals:** please bring lawn chairs for yourself and your friends in order to free up chairs for visiting spectators. **Dave Cole**

**Grounds Crew:** come out on Sunday rather than Monday (same time). This is for the group who usually does the perimeter grass cutting and trimming. Regular grounds maintenance will resume September 15. If you have any questions, please contact me. **Dave Cole**
