

October 10, 2016

THE INFORMATION BELOW IS EXCLUSIVELY FOR THE USE OF PLBC MEMBERS

FROM THE PREZ: Thanks to all members who took the time to complete the club survey. We'll tabulate the responses over the next while. After that the board will review and discuss the feedback and ideas. Thanks again!!

An update on our TV and related services. At the spring AGM, the board was authorized to acquire a suitable cable package, or streaming service, on the best terms available. After considerable review that has now been done. As of October 3, the club now has cable and internet service on an exceptionally economical basis. The programming package includes a number of sports channels and other channels, typical in these types of plans. We do not anticipate that it will have any impact on membership fees. Indeed, much of the cost is likely to be recouped through social events tied to the Grey Cup and Super Bowl among others. In addition, internet services will now be available to all members with your tablets and cell phones even if you are not a Shaw customer. These steps will add to our club's information, multimedia, entertainment and social infrastructure. Tim Mason from the West Vancouver Club tells me they went down this road a few years ago, and it has been well worthwhile in enhancing the overall club experience there. We'll see of course, but for now, enjoy...

Ron Davis, President

SURVEY: We have received about a 30 - 35% overall response on the survey. You still have time over the next week to return via email or print and place in the survey box in the club office. A copy is attached to this week's MMM email in case you misplaced the original one.
